OFFICE OF THE CHRONICLE, } CLARKSVILLE, Sept. 5, 1879. Our receipts continue fair for the seas and our sales for the week will probably approach 700 hogsheads. Our market was active at full prices for heavy grades of leaf and lugs, but easy for nondescripts and poor Lobacco, of which every market seems ful Our receipts in August were 2,502 hogs heads, sales 3,005 hogsheads, with stocks Sept. 1st of 5,043 hogsheads. As far as we can learn, our late heavy rain

has done but little actual damage, drowning out some tobacco in low places, but stimulating the growth of the late tobacco sufficienty to make it up or more. The next crop of suckers will grow fast and they should be taken off promptly
